## Press Release

With **PASSNFLY** you can check-in to your flights from your mobile in seconds and get all your boarding passes stored in one place. Extremely useful for frequent travellers travelling with multiple airlines.

Even with no internet connection, **PASSNFLY** will do it all for you, and process your flight check-ins 24/7, totally automated without you doing anything. Wherever you are in the world!

The easiest way to automate your flight check-ins. The App automatically detects recently booked flights across more than 200 major airlines worldwide and provides you with a boarding pass as soon as check-in is available.

- REAL-TIME BOOKING DETECTION: Detects upcoming flights automatically without you doing anything.
- AUTOMATED FLIGHT CHECK-IN: Does your flight check-in totally automated, 24/7. Even without internet connection. Never miss a flight.
- COMFORT: Remembers all your personal data and preferences. Assigns preferred seat area on each flight automatically. Fly comfortably and save time.
- DYNAMIC BOARDING PASS GENERATION: Gets your mobile boarding pass directly on your phone including updates on flight-delays and gate changes.
- LOW BATTERY REMINDER: When running low on battery it reminds to print out boarding pass and forwards it via email or fax.
- STAY ORGANIZED: Get all your upcoming flights, boarding passes, gate changes, flight cancellations or delays, all in one place and directly on your phone. In real-time!
- MULTI AIRLINE SOLUTION: One single app for more than 200 major airlines.
- FREE TRIAL: Enjoy 30 days free trial. Monthly service subscription after.

Our mission is to develop a mobile travel app that provides air passengers with a seamless passenger experience. **PASSNFLY** has intl. expansion plans including Americas and Asia Pacific. Future features will include:

- Baggage check-in, real-time tracking and reclamation
- Seat and cabin upgrades
- Simple booking of post-flight transportation

**PASSNFLY** is available for BlackBerry with iPhone, Android and Windows Phone rollout soon to follow. We're a startup from Barcelona with vision to provide air travellers a seamless passenger experience.
